

Maternity of Mary
Saint Andrew
CATHOLIC SCHOOL

Dear Parents and Friends,

The Minnesota Marathon for Nonpublic Education is an excellent way for our school to make a public demonstration as we raise money. We participate in this state-wide event annually along with over a 100 Minnesota nonpublic schools. This year we have set our goal high and need your continued support to ensure the success of our Marathon. Read on to learn of an opportunity to increase your support to our school at no additional cost that may be available to you.

Through a **matching gifts** program, many businesses will meet or increase charitable contributions made by their employees to nonprofit organizations like our school. The impact of matching gifts may double or possibly triple some pledges to our school! Please check with your employer to learn if they offer matching gifts and how you can activate this opportunity. We are happy to work with you to secure any grants or gifts for which you may be eligible.

Thank you in advance for your support!
